AddVentured HI-tech

Sustainable collaboration
for innovation

Bart van Mierlo
S[&]T
March, 27 2018

AddVentured H-tech combines

Innovation power of SME's

- deep knowhow of applied technologies
- flexible, fast and furious

Global market position of corporates

- detailed knowledge of customer demands
- ability to access world wide markets

Challenges become sustainable solutions

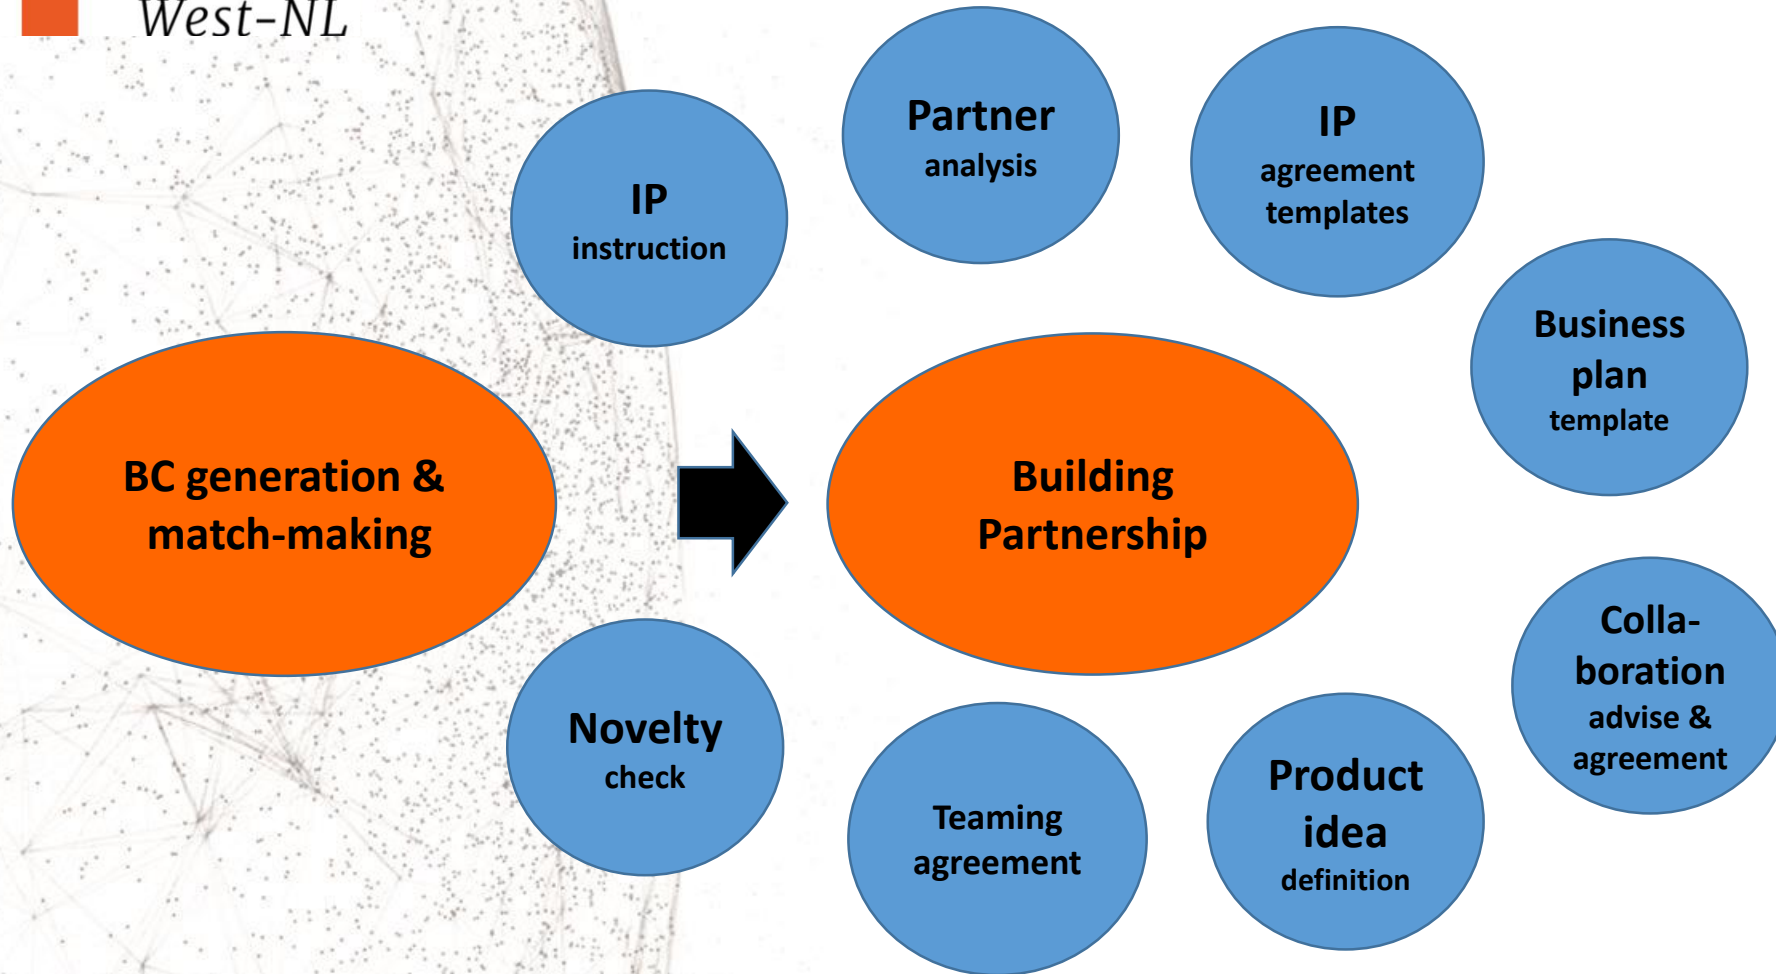

SME's and corporates

are brought together

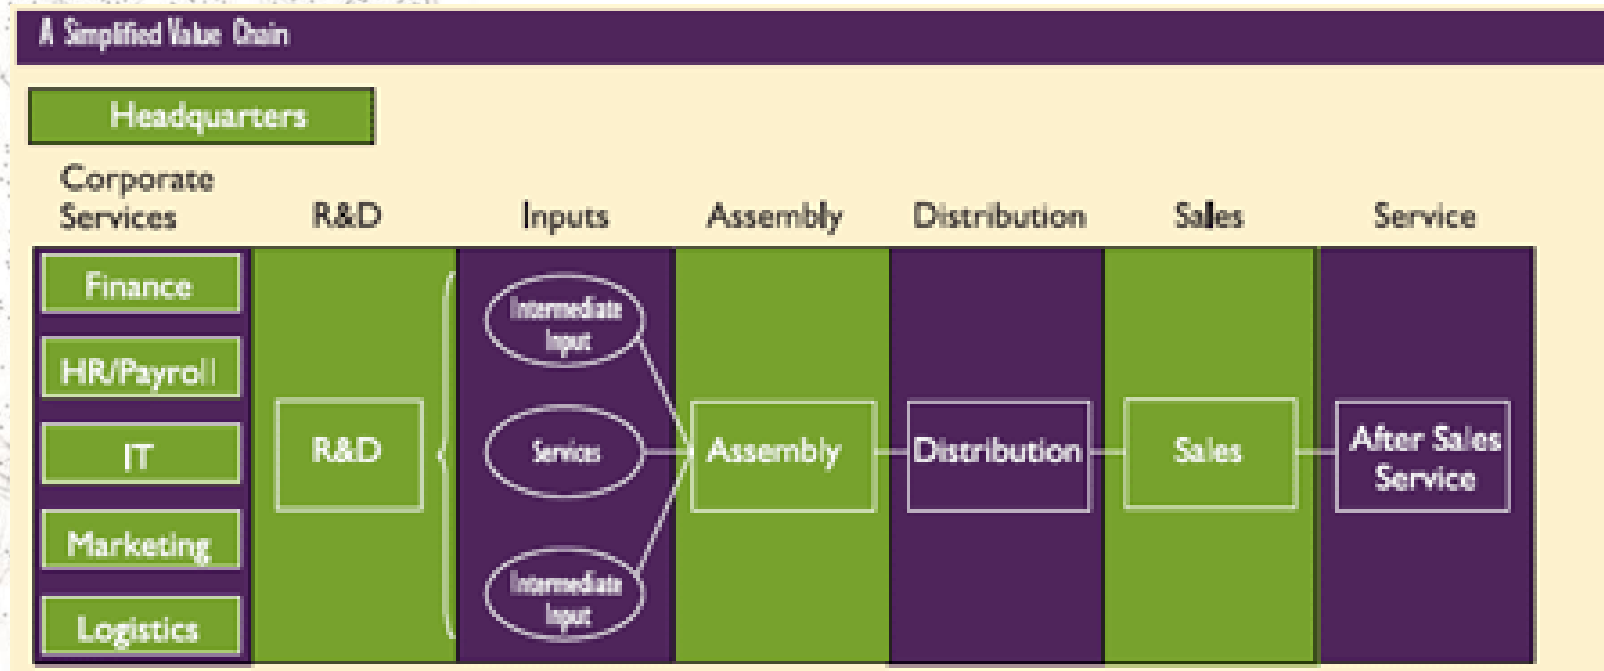

to build a *successful* partnership

We offer a roadmap for successful collaboration

Develop a shared value chain!

Goal is
long-term
cooperation
